

His Steps Untracable

He put forward constellations
His power infinite
His works attract attentions
His name the Lord Jesus

Come believe it, come believe it
Come believe it be thou saved

His wisdom has no boundaries
His steps untracable
Unless He unfolded the secrets
You will never come to Him

Come believe it, come believe it
Come believe it be thou saved

Come to Him with simple belief
Come to Him with a single heart
For He said He reserved the kingdom
For the sucklings and the babes

Come believe it, come believe it
Come believe it be thou saved
