

His Thoughts Deeper Than Waters

Oh ye saints should serve Him with gladness
For His name is worthy to be praised
His name a stronghold to the fatherless
And a tower for those run for salvation
His love is unfeigned and secure you
He gives peace to those who follow Him

Jehovah had thoughts deeper than waters
His intentions purer than gold
His thoughts towards you more than billions
He wants you His only Son received
He wants His sheep happy always
He wants them to be worry free

In a world dry like a desert
Your words like water to my soul
Your truth brings freedom to my soul
Your love brings meaning to my life
Toiling belongs to human souls
But your sheep'll have victorious endings
